

No idea if your newly adopted dog is a mini, medium or maxi breed? Let us help you!

Dogs of different body sizes and breed types do need different nutrition, so as when they are at different life stages e.g Puppy, Adult, Senior and Ageing. And because of this, Royal Canin designed unique nutritional solutions for dogs based on their sizes, breeds, and life stages, to ensure every dog fed with Royal Canin receives the most tailored health nutrition according to their individual needs.
